

FPV Board Director - Ordinary Members

Family Planning Victoria (FPV) is a leading, for purpose, state-wide provider of reproductive and sexual health care, education and advocacy. Governed by a [voluntary Board of Directors](#), we have been providing services in Victoria for over 50 years.

Our focus is the provision of a range of services that are accessible, culturally relevant and responsive to the needs of the diverse Victorian community. These services include clinical care as well as education and training to help build the capacity of educators and health care professionals working in the reproductive and sexual health sector.

With a stable and committed Board, FPV is seeking interest from potential Directors for two (2) Board vacancies. We are specifically seeking to fill one of the vacancies by appointing a director with a clinical background who is a specialist in reproductive and sexual health or a general practitioner with a demonstrated interest in this space.

Individuals who will help to enhance the diversity of the Board to better reflect the community and the priority populations we support are warmly encouraged to apply.

Candidates must demonstrate high ethical standards and integrity as well as being:

- Fully supportive of the purpose and activities of FPV.
- Committed to contribute to the ongoing success of the organisation.
- Able to fulfil the fiduciary duties.
- Future oriented, demonstrating vision and foresight.
- Able to provide wise, thoughtful counsel on a broad range of issues.
- Financially literate.

Board members are appointed for a 3-year term with possibility of a second-year term via re-election. Board meetings are held monthly and all Directors are expected to participate in Board Committees.
